Company Name : Zoom Video Communications

Company Sector : Communications Technology

Operating Geography : United States, North America, Global

About the Company : Zoom Video Communications Inc., based in San Jose, California, is an American communications technology business. It provides video telephony and online chat services for teleconferencing, telecommuting, distant education, and social relations using a cloud-based peer-to-peer software platform. The business was founded in 2011 by Eric Yuan, a former Cisco engineer and executive, and its software was released in 2013. It creates a cloud service that focuses on people and improves real-time collaboration. The company offers a cloud service called unified meeting experience, which is a 3-in-1 meeting platform that includes HD video conferencing, mobility, and web meetings. It has customers all around the world. The company's major products are Zoom Meetings, Zoom Phone, Zoom Chat, Zoom Rooms, Zoom Conference Room Connector, Zoom Video Webinars, Zoom Developer Platform, and Zoom App Marketplace. The company announced on July 2021, that it has signed into a formal agreement to acquire Five9, Inc., a leading supplier of the intelligent cloud contact centre. In 2022, the company announced the set up of a second technology centre in Chennai, India.

Zoom Video Communication's USP lies in it being the market leader in web conferencing with the largest market share, as well as being extremely easy to deploy and install as needed, making the product scalable across all user groups. The mission statement of Zoom reads, "To develop a people-centric cloud service that transforms the real-time collaboration experience and improves the quality and effectiveness of communications forever".
