Company Name : Hexagon AB

Company Sector : Information Technology and Services

Operating Geography : Sweden, Europe, Global

About the Company : Hexagon AB is a publicly-traded global information technology business based in Stockholm, Sweden, that specialises in hardware and software digital reality solutions. In 1992, Hexagon Aktiebolag was founded. The company acts as a provider of information technology that helps businesses in a variety of industries increase productivity through geospatial and industrial enterprise applications. The company's solution development and innovation combine geospatial and industrial sensors, software, three-dimensional (3D) mapping, five-dimensional visualisation and analysis, domain expertise, and client workflows to create intelligent information ecosystems that produce actionable data. Among the industries that use the company's solutions are agriculture, metals and mining, oil and gas, automotive, chemical, power, shipbuilding, construction, safety, military and aerospace, surveying, medical devices, and pharmaceutical. NESTIX Oy, MSC Software, Catavolt Inc, and DST Computer Services SA, are among the company's subsidiaries. In October 2021, Hexagon completed the acquisition of Infor's EAM division and settled an issue in kind. Hexagon AB has over 22,000 employees in 50 countries as of 2022.

Hexagon AB's USP lies in its being a global pioneer in digital reality solutions that combine sensor, software, and autonomous technologies. The mission statement of Hexagon reads, "Hexagon puts data to work to enable autonomous, connected ecosystems that boost efficiency, productivity and quality for our customers".
