Company Name : Jabil Inc.

Company Sector : Electronics Design and Production

Operating Geography : United States, North America, Global

About the Company :

Jabil Inc. is an American multinational manufacturing services firm. The company is headquartered in the Gateway neighbourhood of St. Petersburg, Florida. The firm's name is derived from the first names of James Golden and William (Bill) E. Morean, who founded it in 1966 together. In 1969, Jabil became a legal entity in Detroit. For the EMS and consumer industries, the business provides design engineering, production, and supply chain services, as well as materials technology services. Other services of the company include digital prototyping, printed electronics, device integration, circuit design, and volume board assembly. Jabil is a global leader in the automotive, consumer health, data centres, energy, defence, and aerospace industries. The company customer span includes healthcare, life sciences, clean technology, instrumentation, defence, aerospace, automotive, computers, storage, consumer products, networking, and telecommunication. Jabil Inc. announced on June 2021 that its renowned optical design centre in Jena, Germany is developing a new omnidirectional sensor for robotic and industrial platforms. The company announced formation of the Jabil Payment Solutions business unit in April 2022.

Jabil Inc.'s USP or Unique Selling Point is its affiliation with a significant number of industry leaders, such as Apple, Agilent, and others, as well as its global presence in over 30 countries. The mission statement of Jabil reads, "At Jabil, we strive to make ANYTHING POSSIBLE and EVERYTHING BETTER. With over 260,000 diverse, talented and dedicated employees across 100 locations in 30 countries, our vision is to be the most technologically advanced and trusted manufacturing solutions provider".
