Company Name : Palfinger AG

Company Sector : Manufacturing, Hydraulic Lifting Systems

Operating Geography : Austria, Europe, Global

About the Company :

Palfinger AG is a well-known crane manufacturer that produces hydraulic lifting, loading, and handling equipment. The PALFINGER Group is headquartered in Bergheim, Austria, and consists of 84 businesses in 32 nations, together with 33 manufacturing and assembly facilities and around 5,000 sales and service outlets spread across more than 130 nations on all continents. The company was founded in 1932 by Richard Palfinger as a repair facility for agricultural trailers, tippers, and vehicle bodies. Sales & Service and Segment Operations are Palfinger's two operating segments. The production facilities and the company's respective production share are included in the segment operations. The sales and service segment generates the majority of its revenue. Despite selling its goods all over the world, Palfinger divides the world into six geographical regions: Europe, the Middle East, and Africa; North America; Latin America; Eurasia; Asia-Pacific; and Marine. In May 2022, Palfinger stated that it is taking the lead and creating a module that can be used on all commercial vehicles as well as electrically power the entirety of PALFINGER's product line in collaboration with ZF Friedrichshafen AG and Mercedes-Benz Trucks.

Palfinger AG's USP lies in its being the World market leader with 150 models and 35 per cent of the market share and the top brand in the world for loader cranes, marine cranes, wind cranes, and container handling equipment. The vision statement of the company reads, "PALFINGER is working on a world in which customers are offered top-level sustainable lifting solutions in a responsible manner and with positive impacts on people, the planet, and the success of the company. PALFINGER supports customers worldwide who expect the maximum: Value, for the life of the product".
