**Company Name :** Mensch Und Maschine Software

**Company Sector :** Software and Digitization Solutions

**Operating Geography :** Germany, Europe, Global

**About the Company :**

Mensch Und Maschine Software was founded in 1984 and is headquartered in Germany. It provides software solutions in the field of Computer Aided Manufacturing (CAM), Computer Aided Design (CAD), Building Information Management (BIM) and Product Data Management (PDM). This German based company focuses on construction and architecture, mechanical engineering, electrical engineering and plant construction, industrial design, data management, animation and entertainment and infrastructure management. It also provides related support services along with software development. The company is present in Austria, Switzerland, Italy, France, Germany, Poland, Spain, the United Kingdom, Romania, Brazil, Japan, the United States and Asia-Pacific region. It operates in two sections M+M Software and VAR Business. The VAR Business provides associated services and sells CAD Software to users. The M+M Software develops CAE/ CAD / CAM software. The company offers software solutions which are used in automotive and aerospace industry, medical technology, toy industry, jewelry manufacturing and engineering. As of early 2023 Mensch Und Maschine employs over 1,000 people.

The Mensch Und Maschine Software mission statement reads “To remain an attractive employer and to continue developing innovative, high- quality products that allow customers to complete challenging projects with high efficiency.” The Unique selling proposition or USP of Mensch Und Maschine Software lies in being a leading supplier of Computer Aided Manufacturing and Design (CAM/CAD), Product Data Management and Building Information Management Software.
