Company Name: Tata Chemicals Limited

Company Sector : Chemicals, Consumer Products, Specialty Chemicals

Operating Geography: India, Asia, Global

About the Company:

Tata Chemicals Limited, headquartered in Mumbai, India, is an Indian worldwide enterprise having interests in chemicals, crop protection, and specialised chemistry products. On January 23, 1939, the firm was established. Basic Chemistry and Specialty Chemistry are the two divisions of the organisation. Many of the world's major brands for glass, detergents, medicine, biscuit making, bakeries, and other industries rely on the company's Basic Chemistry product range. Tata Chemicals is a division of the Tata Group. In India's branded iodized salt segment, Tata Chemicals is the market leader and pioneer. Under the Tata Sampann label, the company sells pulses and spices. Tata Swach, the company's water purifier line, features a low-cost nanotechnology-based purifier that provides safe drinking water at a reasonable price. Nutraceuticals for healthy and delicious modern meals are also produced by the company. The company has a strong foothold in the crop protection market with its Farming Essentials portfolio, which is managed by its subsidiary Rallis India. Tata Chemicals was the only Indian company to have won at the International Quality Innovation Awards in January 2022. Tata Chemicals has over 4,600 employees as of early 2023.

Tata Chemical Ltd.'s USP is that it owns Asia's largest saltworks, as well as the world's third and sixth largest soda ash and sodium bicarbonate manufacturers. The mission statement of the company reads, "In the Tata Group, our mission of improving the quality of life for the communities we serve globally, through long-term stakeholder value creation based on leadership with trust, is the driving force of our lives".

Revenue:

INR 12,622 crore - FY ending 31st March 2022

INR 10,200 crore - FY ending 31st March 2021
