Company Name : Cox Communications

Company Sector : Telecommunications

Operating Geography : United States, North America, Global

About the Company :

Cox Communications is a privately held telecommunications company based in the United States. It was founded in 1962 by James M. Cox, a former governor of Ohio, and has its headquarters in Atlanta, Georgia. The company is one of the largest providers of cable television, high-speed internet, and telephone services in the United States, with over 6 million residential and business customers across 18 states. Cox Communications offers a wide range of services to its customers, including cable television, high-speed internet, digital phone service, home security and automation, and advertising solutions. The company's cable television service offers hundreds of channels, including premium channels like HBO and Showtime, and it also offers on-demand programming and DVR services. Its internet service offers speeds of up to 1 Gbps, making it one of the fastest providers in the United States. The digital phone service provides unlimited calling to the United States, Canada, and Mexico, and includes advanced features like voicemail, caller ID, and call waiting. As of early 2023, Cox Communications employed over 3,628 people.

The USP of Cox Communications lies in it being one of the largest telecom companies in the United States. They are dedicated to empowering others to build a better future and celebrate diverse products, people, suppliers, communities and the characteristics that make each one unique.

Revenue :

Euro 1,605 million - FY ending 31st December 2021 (y-o-y growth 21%)

Euro 1,325 million - FY ending 31st December 2020
