Company Name : Taiyo Yuden

Company Sector : Electronic Components

Operating Geography : Japan, Asia, Global

About the Company :

Taiyo Yuden is a Japanese electronic components manufacturer that produces a wide range of products such as capacitors, inductors, resistors, filters, and recording media. The company was founded in 1950 and is headquartered in Tokyo, Japan. The company is known for its high-quality products and advanced technology, particularly in the areas of ceramic capacitors, inductors, and noise suppression components. Taiyo Yuden's products are used in various industries, including telecommunications, consumer electronics, automotive, and medical equipment. In addition to electronic components, Taiyo Yuden also produces recording media, such as CDs, DVDs, and Blu-ray Discs. The company's media products are used in a variety of applications, including professional recording studios, consumer electronics, and data storage. Taiyo Yuden has a global presence, with operations in Asia, Europe, and the Americas. The company employs approximately 17,000 people worldwide as of early 2023.

The mission of Taiyo Yuden is to better society by leveraging the “wonders of science” and supporting an evolution in electronics technology that will enable safe, secure, comfortable, and convenient lifestyles for everyone throughout the world.
