**Company Name :** Shree Cement

**Company Sector :** Cement

**Operating Geography :** India, Asia, Global

**About the Company :**

Shree Cement is an Indian cement manufacturing company headquartered in Kolkata, West Bengal. It was founded in 1979 by BG Bangur. The company's manufacturing facilities are located in six states in India, including Rajasthan, Uttarakhand, Bihar, Haryana, Chhattisgarh, and Uttar Pradesh. Shree Cement has a total production capacity of over 43 million tons per annum, making it the third-largest cement manufacturer in the country. Shree Cement produces a range of cement products, including Ordinary Portland Cement (OPC), Portland Pozzolana Cement (PPC), and Sulphate Resistant Cement (SRC). The company also offers a range of value-added products, including Portland Slag Cement (PSC), Quick Setting Cement (QSC), and Low Alkali Cement. In addition to its cement business, Shree Cement is also involved in the power generation business, with a total capacity of 759 MW. The company has also invested in renewable energy sources, such as solar and wind power. In 2021, the company was ranked among the top ten companies in India for sustainability by the Dow Jones Sustainability Index (DJSI). It has also been recognized as one of the most admired companies in India by Fortune India magazine. As of early 2023, Shree Cement employed over 6100 people.

The USP of Shree Cement is that it is one of the largest cement manufacturers in North India. Shree Cement's vision statement reads, "Lead in creating prosperity and happiness for all stakeholders through innovation and sustainable practices."

**Revenue :**

INR 14,305 crores – FY ending 31st March 2022

INR 12,588 crores - FY ending 31st March 2021
