Company Name : Virgin Media O2

Company Sector : Telecommunication Services Provider

Operating Geography : UK, Europe, Global

About the Company :

Virgin Media O2 is a telecommunications company in the United Kingdom. The company was formed in 2021 as a merger between Virgin Media and O2. The company provides a range of services to both residential and business customers, including mobile phone services, home broadband, and TV packages. The company has a large network of infrastructure, including fiber optic cables and mobile phone masts, which enable it to provide fast and reliable services to its customers. The company also has partnerships with other telecommunications providers to extend its network coverage. Virgin Media O2 is owned by Liberty Global and Telefonica, which are two of the world's largest telecommunications companies. As of early 2023, the company employed over 18,000 people.

The USP of Virgin Media o2 is that it is one of the leading providers of mobile phone and broadband services in the country. Virgin Media O2 has a reputation for providing innovative services and products to its customers. The company is committed to delivering high-quality customer service and is constantly investing in new technologies to improve the user experience.
