Company Name : Algonquin Power & Utilities

Company Sector : Utilities

Operating Geography : Canada, North America, Global

About the Company :

Algonquin Power & Utilities is a publicly traded company based in Oakville, Ontario, Canada. It operates as a diversified utility company, owning and operating regulated and non-regulated utilities in Canada and the United States. The company's portfolio includes electric, natural gas, water distribution and wastewater collection utility systems, as well as renewable energy facilities such as wind, solar, hydroelectric and thermal power generating facilities. Algonquin Power & Utilities is composed of three business units: Liberty Utilities, Bermuda Electric Light Company, and Liberty Power. The company's commitment to sustainability is reflected in its goal to reduce greenhouse gas emissions by 80% by 2022, compared to its 2019 baseline. Additionally, Algonquin Power & Utilities is actively involved in community development and outreach initiatives. As of early 2023, Algonquin Power & Utilities employed over 4,000 people. The company received 2021 Safety Achievement Award. The American Gas Association recognized the company's superior safety outcomes among its peers in the mid-multi-utility category.

The USP of Algonquin Power & Utilities lies in its ability to provide reliable utility services and renewable energy options while prioritizing sustainability and community engagement. The company's mission is to deliver clean energy and water solutions that create better everyday lives and inspire our communities, is what drives us every day to accomplish our purpose.
