Company Name : iQIYI

Company Sector : Media

Operating Geography : People's Republic of China, Asia, Global

About the Company :

iQIYI is a Chinese online streaming platform that offers a variety of video content, including licensed television shows, movies, original content, and live broadcasting. The company is based in Beijing, China, and was founded in 2010 by Chinese technology giant Baidu. iQIYI's business model is based on a combination of subscription-based and advertising-based revenue streams. Users can choose to pay for access to premium content, or they can view content for free with advertisements. The platform also offers paid memberships that provide additional perks, such as early access to new content and ad-free viewing. In addition to streaming video content, iQIYI has also ventured into other areas, such as online literature and virtual reality. The company has partnerships with major studios in China and around the world to provide a diverse range of content to its users. iQIYI has faced some challenges in recent years, including increased competition in the Chinese online streaming market and regulatory pressures from the Chinese government. However, the company has millions of users and a strong presence in the Chinese entertainment industry. As of early 2023, the company employed around 5,000 people.

The USP of iQIYI is that it is one of the leading online streaming platforms in China. iQIYI's mission statement reads, "Make Dreams Inspired and Joy at Your Fingertips". Its vision is 'To Be a Great Tech-based Entertainment Company.'
