Company Name : Sunnova Energy International Inc.

Company Sector : Power Solutions

Operating Geography : United States, North America, Global

About the Company :

Sunnova Energy International Inc. is a leading provider of residential solar and energy storage services in the United States. The company was founded in 2012 and is headquartered in Houston, Texas. Sunnova offers solar and battery storage services to homeowners in 27 states, plus Puerto Rico and the District of Columbia. Sunnova's solar services include design, installation, financing, and monitoring of solar systems. The company's energy storage services include the installation and management of battery storage systems, which allow homeowners to store the energy generated by their solar panels for use during peak demand periods or in the event of a power outage. Sunnova has a network of local installation partners who handle the installation and maintenance of its solar and battery systems. The company's financing options include power purchase agreements, solar leases, and loans, making it easier for homeowners to switch to solar energy with little upfront cost. As of early 2023, Sunnova Energy employed over 1100 people. Sunnova is committed to sustainability and reducing carbon emissions. The company aims to make solar energy more accessible and affordable for homeowners, while also contributing to a cleaner energy future.

Sunnova's unique selling proposition (USP) is their focus on providing customized and affordable solar and energy storage solutions to homeowners. The company's mission is 'to power energy independence.'

Revenue :

US\$ 557.6 million - FY ending 31st December 2022 (y-o-y growth 131%)

US\$ 241.8 million - FY ending 31st December 2021
