Company Name : DocuSign

Company Sector : Technology

Operating Geography : United States, North America, Global

About the Company :

DocuSign is an American company that provides electronic signature technology and digital transaction management services for facilitating electronic exchanges of contracts and signed documents. The company's cloud-based platform allows users to securely send, sign, and manage digital documents and transactions anytime, anywhere, and from any device. Founded in 2003, DocuSign has its headquarters in San Francisco, California. The company's solutions are used by individuals, small businesses, and large enterprises across various industries, including real estate, financial services, healthcare, insurance, and government. DocuSign's products include eSignature, which allows users to sign and send documents electronically, DocuSign Rooms for Real Estate, a transaction management platform for real estate agents and brokers, and DocuSign CLM, a contract lifecycle management platform for managing and automating the contract process. The company has partnerships with various technology companies, including Microsoft, Google, Salesforce, and SAP, to integrate its products with their platforms. DocuSign has been recognized as one of the fastest-growing companies in the world and has received numerous awards for its innovation, leadership, and workplace culture. As of early 2023, DocuSign had more than 7,300 employees worldwide.

The USP of DocuSign lies in it being the leading company in electronic signature and agreement Cloud. The mission of DocuSign is to accelerate business and simplify life for companies and people around the world.
