Company Name : Neoen

Company Sector : Renewable Energy

Operating Geography : France, Europe, Global

About the Company :

Neoen is a leading global renewable energy company committed to driving the transition to sustainable and clean energy solutions. Founded in 2008, the company is renowned for its innovation and expertise in developing, financing and operating large-scale renewable energy projects. The company's headquarters in Paris serves as a hub for its operations, strategy, and innovations in the renewable energy sector. It operates in 17 countries worldwide. With a strong commitment to sustainability, Neoen focuses solely on generating energy from renewable sources. This includes harnessing the power of elements like sunlight and wind to create electricity while minimizing environmental impact. It has set an ambitious target of reaching 10 GW of renewable energy capacity either in operation or under construction by the year 2025. This goal underscores the company's dedication to substantial growth and contribution to a more sustainable energy landscape. In 2023, Neoen achieved a significant milestone with a successful capital increase of 750 million. This achievement not only bolstered the company's financial strength but also provided the means to amplify investments in storage facilities. As a result of this strategic move, Neoen experienced a remarkable 50% surge in its installed capacity. This accomplishment underscores Neoen's commitment to expanding its renewable energy capabilities, particularly in the area of energy storage, further solidifying its position as a leading player in the sustainable energy landscape.

Neoen's unique selling proposition lies in its unwavering commitment to generating exclusively renewable energy. With a mission to combat climate change, the company envisions a future powered by sustainable sources, driving innovation and environmental responsibility to create a greener world.
