**Company Sector :** Telecommunications

**Operating Geography :** United States, North America, Global

**About the Company :**

Verizon is an American multinational telecommunications conglomerate established in 1984 as a result of the demerger the Bell System. The company is based out of Manhattan, New York City, but is incorporated in Delaware. Verizon has a vast and reliable network across the United States and thus is able to provide premium network services which is also its USP. The company also offers telecom and related products and solutions such as Internet of things (IoT), Cable television, Digital television IPTV, Fixed-line Mobile Broadband, Digital Media and Telematics. With these technologies the company strives to achieve its mission statement of “humanability - to give humans the ability to do more in this world” and its vision of “future growth based on network leadership”. The company has an employee base of around 118,400 people as of early 2023. Verizon ranks #9 in World Benchmarking Alliance's 2023 Digital Inclusion Benchmark. It is also awarded as the ‘Most Reliable 5G Network’ by RootMetrics.

Verizon’s unique selling proposition and USP lies in being one of the leading providers of technology, communications, information and entertainment products. Verizon’s mission statement reads, “We deliver the promise of the digital world to our customers. We make their innovative lifestyles possible.
