**Company Name :** Paccar

**Company Sector :** Automobile, Commercial Vehicles and Financial services Information technology

**Operating Geography :** North America, Global

**About the Company :** Paccar is the leading global technology conglomerate that is into the design, manufacture and customer support of all the types of commercial vehicles sold globally under the Kenworth, Peterbilt, and DAF nameplates. The Company also designs and produces diesel engines and other powertrain components for manufacturing its own products and for selling it to third party manufacturers of trucks and buses. Through a globalized network of Parts Distribution Centers, Paccar distributes vehicle parts to its dealers which is facilitated through its finance and leasing subsidiaries. The Company also produces and sells industrial winches under the Braden, Carco and Gearmatic brands.

Paccar was incorporated in Delaware in 1971 and is the successor to Pacific Car and Foundry Company which was incorporated in Washington in 1924. The Company maintains prodigious standards of quality for all of its products as part of its proven business strategy. They are supremely designed, highly tailored for specific applications and sold in premium markets, where there is a demand for olympian performance and pride of ownership. PACCAR Global sells the company's products in more than 100 countries and has more than 25000 employees as of 2017. PACCAR's spectacular credit ratings of A+/A1 patronized PACCAR Financial Services' new loans and leases of \$4.33 billion. Stockholders' equity was a record \$8.05 billion. Riding on the strong financial performance in 2017, after-tax return on beginning stockholders' equity (ROE) was an impressive 24.7%. Paccar's USP or unique selling point lies in being a leading technology company specializing in design and production of heavy duty commercial vehicles, parts and winches.
