Company Name : Adobe Systems

Company Sector : Information Technology

Operating Geography : United States, North America, Global

About the Company :

Adobe, the global leader in digital media and digital marketing solutions, enables individuals and businesses worldwide to create meaningful experiences. It's headquartered in San Jose, California. Founded in December 1982 by Charles Geschke and John Warnock, Adobe has a rich history of delivering innovative software solutions across various industries. Adobe's business revolves around empowering creativity and digital transformation. Its diverse range of software products caters to professionals in photography, design, video editing, animation, web development, and more. Adobe is one of the most well-known and trusted brands in software development. Photoshop, Acrobat Reader, PDF and Adobe creative cloud are some of the most well-known products of Adobe Systems. The company's commitment to providing accessible creative tools has garnered a vast user base and has resulted in millions of customers worldwide. As of 2023, the company employs more than 29,000 individuals worldwide. It has received numerous awards and recognition for its contributions to the technology sector. Adobe has been named one of America's Most Just Companies by JUST Capital. Additionally, the company has achieved recognition for its corporate transparency and performance on climate change, making CDP's A List in 2022.

Adobe's unique selling proposition lies in its vision and mission to inspire creativity, drive innovation, and empower individuals and businesses to make a meaningful impact. Through its products and services, Adobe enables people to express themselves, collaborate securely, and deliver exceptional digital experiences. The company's continuous focus on raising the bar, being genuine, and owning the outcome has led to its success and the recognition it has received in the industry.
