Company Name : Charter Communications

Company Sector : Telecommunications and media

Operating Geography : USA, North America, Global

About the Company :

Charter Communications is a leading broadband communication company and the second largest after Comcast in the US. This American telecommunications and mass media company is headquartered in Stamford, Connecticut, United States. They provide a full range of broadband services, including Spectrum TV, video entertainment, Spectrum Internet, Spectrum Voice and Spectrum Business. All these services are customizable and cost-effective solutions to business organizations. Charter's advertising sales services are sold under the Spectrum Reach brand. Charter gets an edge over its competitors by providing high quality customer services and customizations of all sorts. As of early 2023, they have their footprint across 41 states in the United States of America and they boast of 32 million telephone connections and internet customers with 93,700 Charter employees. Charter excels in providing top notch video online delivery services which differentiates them from its competitors. These services can be customized and are available on all platforms like TV, tab, laptops and mobile phones. They provide Ultra HD quality streaming services. Charter has recently acquired Bright House networks and Time Warner Cable and this has further increased their expanse.

Charter Communications' USP or unique selling point lies in being the second-largest cable operator in the United States by subscribers, after Comcast, and third largest pay TV operator behind Comcast and AT&T. Charter is America's fastest growing TV, internet and voice company, achieved growth through innovation and acquisitions of cable properties. Charter Communications mission statement reads "To provide value to its customers by offering high quality communication services, continually improving customer care, and unwavering commitment of its employees."
