#### Company Name : Mastercard

Company Sector : Banking and Financial Services, Payment Solutions

**Operating Geography :** North America, United States, Global

About the Company : Mastercard is a technology company, operating within the global payments industry is headquartered at Harrison, New York, United States. It was founded in 1966 as Interbank Card Association and is an American multinational financial services corporation. The company is headquartered in Purchase (New York), United States. The company specializes in credit cards, payment services and solutions. It connects consumers, financial institutions, merchants, governments, digital partners, businesses and other organizations together, creating a method of electronic forms of payment instead of cash and checks. Mastercard offers a wide range of payment solutions and services through its brand portfolio which includes Mastercard®, Maestro® and Cirrus®. The Company acts as a solution provider for all domestic and cross-border payment needs. This American multinational financial services corporation was founded by collation of several California banks, to act as a competitor to the BankAmericard issued by Bank of America and renamed as Mastercard in 1979. It employs approximately 18,600 persons as of early 2020.

Mastercard's USP or unique selling proposition lies in being one of the world's largest card payment organization specializing in payment and value-added solutions. Mastercard's vision statement reads "A World Beyond Cash" and its mission statement reads "Every day, everywhere, we use our technology and expertise to make payments safe, simple and smart."

#### **Revenue :**

US\$ 16.9 billion – FY ending 31st December 2019 (y-o-y growth 13%) US\$ 15.0 billion – FY ending 31st December 2018
