Company Name : Roper Technologies

Company Sector : Manufacturing

Operating Geography : United States, North America, Global

About the Company : Roper Technologies, Inc. is an American diversified technology company that manufactures engineered products for global niche markets. It is headquartered in Sarasota, Florida. Roper is a publicly-traded, Fortune 1000 company which operates manifold businesses in sectors that includes medical and scientific imaging, RF technology and software, industrial technology and energy systems and controls. In the 19th century, George D. Roper founded the company as a producer of home appliances, pumps, and other industrial products. Whirlpool Corporation acquired the Roper brand in 1989. Roper Industries Inc. changed its corporate name to Roper Technologies, Inc. on April 24, 2015. Roper offers a wide range of products and services to its consumers in over 100 countries. The company has various subsidiaries which are DAP Technologies, Media Cybernetics, Princeton Instruments, Roper Pump Co., TransCore and DAT Solutions, The CBORD Group, Inc., Compressor Controls Corporation (CCC), iTradeNetwork, Neptune Technology Group, Inc., Data Innovation, Verathon Inc. Roper company is the reason behind household names like Princeton Instruments, innovative medical companies like Atlas Medical. In August, 2020 Roper Technologies announced to acquire Vertafore, Leading Provider of SaaS Solutions for the Property & Casualty Insurance Industry.

Roper Technologies Inc.'s Unique Selling Proposition or USP lies in it being having strong operating capabilities which enable it to convert end-market potential into profitable growth and cash flow in order to create value for its investors. Roper is a component of the S&P 500, Fortune 1000 and Russell 1000 Indexes. The company's vision statement reads, "Our Strategy remains consistent; niche focused, asset-light business with leading edge technologies led by terrific operating leaders that create significant free cash flow to enable further investment for growth".
