Company Name : Pentair Plc

Company Sector : Utilities, Residential and Commercial Water Treatment

Operating Geography : USA, North America, Global

About the Company : Pentair Plc is an American water treatment company incorporated in Ireland and headquartered in London, UK. In August 1966, Pentair was founded as Pentair Industries in US. It supplies protection pumps and systems in the commercial and industrial building markets, provides pump solutions for the agricultural and residential markets, produces high quality pressure vessels for membrane-based water treatment in various applications and provides proven residential, food service, and commercial filtration and water treatment solutions. The company also offers robust waste water solutions and expertise for residential, commercial, and municipal applications. Pentair's products include water supply pumps, water disposal pumps, filters, filter housings, valves, tanks, commercial pool and spa equipment, agricultural products, oil and gas products. In early 2021 the company completed its acquisition of Rocean and it also announced its social responsibility strategy in which it aims to integrate ESG throughout its business by creating broad accountability. In 2020, Pentair received the 2020 ENERGY STAR Partner of the Year – Sustained Excellence Award.

Pentair's Unique Selling Proposition or USP lies in it being the global leader in both UL/FM fire protection pumps and hygienic and aseptic process equipment across multiple industries. The company's mission statement reads, "Pentair delivers smart, sustainable solutions that empower our customers to make the most of life's essential resource."
