Company Name : Beyond Meat

Company Sector : Food Processing

Operating Geography : United States, North America

About the Company : Beyond Meat is a Los Angeles-based producer of plant-based meat substitutes headquartered in El-Segundo, California. The company was established by Ethan Brown in 2009. The company have 27,000 several points of distribution for their products in the United States and is rolling out their products to fifty international markets, partnering with Tesco in the UK and Tim Hortons and A&W in Canada. Beyond Meat has products designed to emulate beef, meatballs, ground meat, and pork sausage links and patties. In November 2020, Beyond Meat announced its alliance with McDonald's for expansion of the McPlant option, a plant-based patty and chicken substitute and it started testing the McPlant in Denmark and Sweden in February 2021. In February 2021, the company announced its collaboration with PepsiCo to develop snacks and beverages made from plant-based protein and also started a partnership with McDonald's and Yum Brand with an objective to bring new choices to the food menu, such as the McPlant Burger and the plant-protein based pizza toppings, chicken alternatives and possibly taco fillings for Yum Brands' restaurants KFC, Taco Bell and Pizza Hut. Beyond Meat's Unique Selling Proposition or USP lies in bringing innovation to the food palette and enjoying a huge customer base and brand recognition. The company's mission statement reads, "We believe there is a better way to feed our future and that the positive choices we all make, no matter how small, can have a great impact on our health and the health of our planet".

Revenue :

\$406.7 million – FY ended 31st December 2020

\$297.8 million – FY ended 31st December 2019
