Company Name : CSL Limited (Commonwealth Serum Laboratories)

Company Sector : Biotechnology

Operating Geography : Australia, Global

About the Company : CSL - Commonwealth Serum Laboratories, is a specialty biotechnology company operating globally. It researches, develops, manufactures, and then markets products that are used to treat and prevent serious human medical conditions. It was established in 1916 in Australia to serve the health needs of a nation isolated by war. But over the years CSL has kept innovating and provided Australians with access to advanced medical services, some of which include insulin, penicillin, and vaccines against influenza, polio, and other infectious diseases. CSL Limited was incorporated in 1991 and was listed in 1994. The major product area of CSL includes blood plasma derivatives, vaccines, antivenoms, and cell culture reagents used in research and manufacturing applications. It has its headquarters in Melbourne, Australia, and

provides life-saving medicines to more than 100 nations. CSL has also acquired several companies. Decades of research, investigation, innovation, and experience make CSL the global innovative leader. As of 2023, it employed more than 30,000 employees globally.

Innovation is the core of CSL and remains its USP. It enjoys a reputation as a passionate yet responsible organization driven to care for patients and deliver on its commitments. CSL's mission reads "Driven by Our Promise". Its values include "Patient Focus", "Innovation", "Integrity", "Collaboration" and "Superior Performance".

Revenue :

\$13,310 million – FY ending 30th June 2023 (y-o-y growth of 26%)

\$10,562 million – FY ending 30th June 2022
