Company Name : McDonald's Corporation

Company Sector : Fast Food, Restaurant Chain

Operating Geography : United States, North America, Global

About the Company :

McDonald's Corporation is one of the world's first and largest franchise based fast food chains. The company relies on its franchisee model and 93% of its stores run through this model. The company, focuses on innovative and extensive marketing, its core offerings of burgers, chicken and coffee, and 3D's, which are boosting digital sales, delivery and drive-throughs. In fact, the company enjoys the advantage of being one of the early movers to try the 3D's in different time frames. The company is known for its socio-economic researches before entering the newer markets and thus, designs the products and engineers nomenclature which can connect with the culture and local values of the regions wherever the company operates. The American fast food chain focuses on trying the latest offerings in the company owned restaurants to research on their chances of success and scope of improvements before introducing them to the larger market through franchised restaurants. In the conventional franchise model, the company either provides the real estate property to the franchise and rest, the franchise decorates and manages the day to day operations through their employees. In another model of franchise, known as developmental license or affiliate, the real estate properties also provide by the franchises, apart from interior decorations and cost of operations. Developmental license or affiliates are slightly different from each other by the fact that in affiliates the company purchases some equity in the franchise. In all the franchise models, the company earns through a license fee of permitting the usage of the brand, systems and products of McDonald's and royalty based on sales. In 2022, McDonald's and Deliveroo expanded their current partnership by entering into a new, long-term global strategic partnership. This will enable markets around the world to offer customers and McDonald's franchisees the convenience and value of McDelivery.

McDonald's USP or unique selling proposition lies in being the world's largest restaurant chain by revenue, present in 119 countries with 40,031 restaurants across the globe as of 2020. McDonald's Corporation's mission statement reads "To make delicious feel-good moments easy for everyone."

Revenue :

\$23.2 billion - FY ending 31st December 2021 (y-o-y growth of 21%)

\$19.2 billion - FY ending 31st December 2020
