Company Name : Parsons Corporation

Company Sector : Information technology

Operating Geography : United States, North America, Global

About the Company : Parsons Corporation is an American Information Technology company, headquartered in Centreville, Virginia and was founded in 1944 by Ralph M. Parsons. Parsons provides its services in the defense, intelligence and critical infrastructure markets. Its products include cybersecurity, intelligence, missile defense, C5ISR (Command, Control, Computers, Communications, Cyber, Intelligence, Surveillance, and Reconnaissance), space, geospatial, mobility solutions and connected communities. These services are offered to federal, regional and local government agencies as well as private organizations. The products and services offered by the company facilitate customers in various fields including management, procurement, consulting, and security. Parsons has two business segments Federal Solutions and Critical Infrastructure. While Federal Solutions provide advanced technology solutions to U.S government, Critical Infrastructure provides integrated design and engineering services for infrastructures around the world. As of December 2020, Parsons had approximately 15,500 employees in 25 countries in which it operates. In June 2021, it announced its plan to acquire BlackHorse Solutions, a digital security firm, for approximately \$203 million.

Parsons Corporation's unique selling proposition or USP lies in delivering innovative technologies to defense, intelligence and critical infrastructure markets around the world. Parsons Corporation's mission statement reads, "Delivering innovative infrastructure, defense, and security solutions to enable a sustainable, safer, smarter, and connected world."

Revenue :

US\$ 3.91 billion - FY ending 31st December 2020 (y-o-y growth -1%)

US\$ 3.95 billion - FY ending 31st December 2019
